Professional Concrete Curing/Insulation Blankets

from one of the largest manufacturers in China

**Concrete
blankets are
the ultimate
insulator
for cold
weather
concreting.**

*They keep winter out,
and keep heat and
vapor in the concrete
for proper curing.
The product is super
durable, anti-mildew,
easy to handle, and
flexible even in sub-
zero temperatures.*

Double Seams with Aluminum grommets every 3'

*Available in one to five layers with
multiple color options and sizes.
Private logo available on polybag label.*

**Ask your DC International Representative
about these and any other items of interest.**

Offshore Sourcing • Specializing in Construction Products
